Partners in Planting volunteers at the Town Tree Nursery April 9, 2004

Who We Are

The Partners in Planting is made up of Glastonbury residents working to make our town a more beautiful place to live. We are raising funds and working on planting projects in town that the Town doesn't have the funds or manpower to do. Our vision for Glastonbury is a community of green places in touch with its history and growing for the future.

AMERICAN ELM

RESTORATION

A special interest of the Partners in Planting is restoring American Elms to our streets and public places. In the early 20th century Dutch Elm disease wiped out most of the Elms in the Eastern US. Restoring Elms, and bringing back their beauty and grandeur, is part of the Partners in Planting mission.

How Can You Help?

You can help by donating your time or money. Partners in Planting members provide both labor and funds to support planting projects. **Check our web site for upcoming activities.**

Membership dues are collected annually, and memberships are treated as family / household membership. There are three types of membership, shown below. Please clip, fill in, and mail your membership form!
